Listing details

Description:

Fraser Island – Kingfisher Bay Southern Sunset Estate - \$600,000 – 30% Contracoin

Your Island Dream Awaits

Kingfisher Bay Southern Sunset Estate has a total of eight total freehold waterfront blocks - all of which are just over a quarter acre and a few steps from the beach.

As you get higher up the lots on the hill you are spoilt with outstanding ocean views of the Great Sandy Straits.

Landowners within the Southern Sunset Estate have access to all of the Kingfisher Bay Resorts' amenities; including swimming pools, restaurants, and tennis courts, as well as -the option to use a private mooring and unlimited free barge trips for themselves and family members.

The block is accessible via a tarmac road and is fully serviced with the necessary infrastructure such as electricity, telecoms, water, and sewerage.

You will not want to miss this rare opportunity to secure one of the only true waterfront blocks that will ever be available on the protected Western side of the island -

A good investment as there is no more freehold land ever to be released as National Trust regulations restrict all future development to only 0.02% of the entire Island.

Annual fees on the lot are:

- a) Rates to Fraser Coast Council ~ \$1,159.35 pa
- b) Maintenance Contributions ~ \$1,214.55 pa

(includes water, waste, rubbish collection, firefighting, roads, etc.)

Fraser Island- 3 beautiful waterfront FREEHOLD Blocks – (Private Estate of only 8 blocks in total. Houses on 4 of them)

Each owner has the use of all the facilities in the Kingfisher Resort

Priced at \$600,000 each with the seller accepting \$420,000 Cash + \$180,000 Contracoin AUDC (30%)
